KZN DEPARTMENT OF EDUCATION LAUNCHES A RAPID RESPONSE TEAM

The KZN Department of Education will officially launch the MEC's Response Team to respond to unique and specific situations and challenges that affect schools across the length and breath of the province of KwaZulu-Natal.

"To ensure maximum outreach and proper coverage of the whole province, this multi-disciplinary team will be expanded to all 12 districts in a form of District Intervention Teams. These teams will focus on giving support on a range of issues that affect schools such as curriculum management, social ills, schools safety, financial management, schools infrastructure, human resources and many more," MEC Dlungwana.

Education is a societal matter which involves everyone to contribute collectively towards the realisation of the dreams and aspirations of our learners.

It is for this reason, that various stakeholders must form a solid partnership to address all challenges at some of our schools.

The event will unfold as follows
