MEC FRAZER WARNS COMMUNITIES NOT TO DISRUPT THE EXAMINATION PROCESS

The MEC for Education in KwaZulu-Natal, Ms Mbali Frazer would like to once again warn communities not to disrupt examination processes, whenever they have service delivery issues or issues regarding school governance.

This follows a near disruption of examinations by the school community of JE Ndlovu High School in KwaMashu, where MEC Frazer had to swiftly intervene for the Matric Examinations not to be disrupted.

"We urge our communities to respect our schools, especially during this critical time of examinations. Disrupting exams because the community has a grievance is very regressive and it is something that must be frowned upon by all responsible members of our communities," said MEC Frazer.
