## **DEPARTMENTAL HEAD'S WORK PLAN (Guide)**

(Examples of Targets, Time-frames and Performance Indicators)

A work plan outlines what activities will be undertaken by an employee within a particular year, as well as setting specific targets and outlining outputs that need to be achieved. (*ELRC Collective Agreement Number 2 of 2020 – page 21*)

#### Components of a work plan

- Performance standards: these are applicable performance standards as reflected in the QMS instrument.
- Key activities: Activities to be agreed to in terms of applicable job descriptions.
- Targets: Targets (Goals) to be set for improvement within the appraisal cycle. The TARGET should be SMART
- **Time-frame:** period within which the targets are to be achieved.
- Performance indicators:
  - Measures of success to be observed for achieving specific targets. May be presented either quantitatively or qualitatively.
  - The Performance indicator should be neutral.
  - Serve as observable tangible behaviour that indicate the degree to which educators are meeting each Descriptor -Target
- Contextual factors: Unique/specific circumstances to be taken into account that have the potential to impact on the employee's ability

#### **Performance Appraisals**

- Performance appraisal ratings will be made at the Performance Standard and Criterion-Descriptor level in the appraisal Instrument
- A Departmental Head's performance is appraised on each Performance Standard – Criterion – Descriptor with evidence generated from the work plan – performance indicators as well as other records within the school.

#### On developing a work plan ...

- The Departmental Head develops the work plan on Performance Standard 6 ONLY.
- Departmental Heads should select a minimum of one (1) descriptor for each of the 4 Criteria in Performance Standard 6.

### **Developing a SMART TARGET:**

**Specific:** The TARGET is focused

Measurable: An appropriate measure (quantitative/qualitative) is selected to assess the TARGET

Appropriate: The TARGET is within the Departmental Head's control to effect change

**Realistic:** The TARGET is for the Departmental Head and/or school **Time-bound:** The TARGET is measured within a single school year

The examples of Targets and Performance Indicators below are not exhaustive and are not intended to be prescriptive.
