## **FOR IMMEDIATE RELEASE**

### **THE KWAZULU-NATAL DEPARTMENT OF EDUCATION REDEPLOYS AND APPOINTS EDUCATORS.**

The KwaZulu-Natal Department of Education identified 961 surplus educators through the process of Post Provision Norm (PPN). 700 of these educators had not moved to the identified schools.

The Department had a meeting with the teacher unions on Friday, 30 April 2021 discussing the mechanism that will facilitate the movement of 700 surplus educators to their identified schools. This will ensure that schools are well staffed and there is stability .

The Department has since the beginning of this year appointed 521 new educators through the HR Recruitment App.

All redeployed and appointed educators are required to assume their duties from Monday, 03 May 2021 failure to do so actions will be taken.

No school or school governing body is allowed to refuse redeployed or appointed educators.

"We will continue to work tirelessly to ensure that there is an educator in front of our learners." Remarked the Head of **Department** Dr Nzama.
