 PRESIDENTIAL EMPLOYMENT STIMULUS

 basic education
Department: Basic Education
REPUBLIC OF SOUTH AFRICA

Young people interested in the opportunity to serve as Education Assistants and General School Assistants in Phase IV are encouraged to register their details on www.sayouth.mobi. The online registration period is continuing.

The youth are encouraged to register on the system while we are waiting for the application process to open. The added benefit of registering on the SAMobi site is that there are other learning and earning opportunities that young people can access on the system.

Phase IV of the PYEI-BEEI targets a new cohort of youth. This will ensure that the learning and earning opportunities reach far and wide, across all communities.

The PYEI-BEEI continues to make a positive impact in the lives of the youth appointed as Assistants. Since its inception, more than 830 000 employment opportunities have been created. The youth continue to benefit from being part of a professional set up and have gained valuable skills. This has also allowed them to make a meaningful economic contribution.
