Media Statement

15 September 2020

THE DEPARTMENT OF EDUCATION DID NOT COMMIT TO BUILD A HOUSE FOR THE VICTIM THAT WAS ATTACKED AT EMATHOLE HIGH SCHOOL

The KwaZulu-Natal Department of Education would like to correct the perception/information/statement, that it would assist the family of the learner who was attacked by other two learners from Mathale High School to build a house.

The information at our disposal is, that, there are other associations, which, have committed to build the house as part of its contribution in restoring the dignity and confidence of the victim.

The building of houses is not the core mandate of the Department of Education.
