THE KWAZULU-NATAL DEPARTMENT OF EDUCATION WARNS THE PUBLIC OF A SCAM ON THE AWARD OF PPE's

It has come to the notice of the KZN Department of Education's Supply Chain Management, that, a scam is doing its rounds.

Members of the public are receiving calls confirming their business bank account numbers and their addresses, etc.

The caller is telling the people that the award for PPE's is about to be finalized. He then assures them of a tender award on condition that they make payment to him. Seemingly, he starts from R50 000 and keeps going down to R2 000.

The KZN Department of Education warns the public of this fraudulent scam and not to entertain such a call and make payment.
