**Due to the volume of bid documents submitted, the Department uses three ways to identify bidders, namely; Document Number, Company Name and CSD Number.**

**As such, where there are gaps in the closing register, such gaps may be as a result of incomplete information provided and replacements. However, the Department is still able to identify the bidders using any of the three. It is against this explanatory note that the closing register is complete in all respects for purposes of identifying bidders who submitted their bids on time.**
